应用题：找出序列

①

$$18 = 10 + 8$$

②

$$14 = 10 + \underline{\quad}$$

③

$$16 = 10 + \underline{\quad}$$

**Directions** Have children: **①** trace 18 counters in the ten-frames and complete the number sentence; **②** trace 14 counters in the ten-frames and complete the number sentence; **③** draw the counters in the second ten-frame to show 16 and complete the number sentence.
