应用题：用物体

❶

$$5 \bigcirc 2 = 3$$

❷

$$2 \bigcirc \_\_ = \_\_$$

❸

$$6 \bigcirc \_\_ = \_\_$$
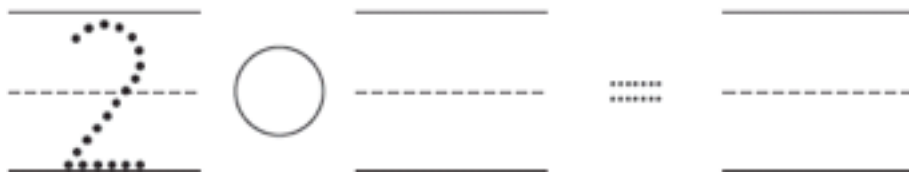

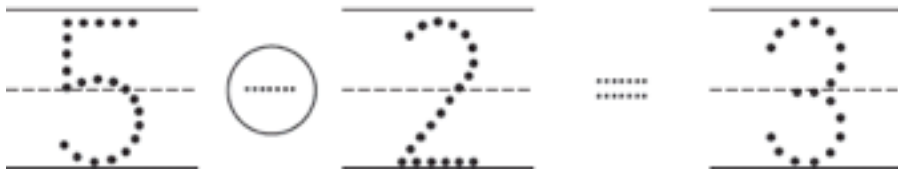

Directions Have children listen to each story and use counters to help them solve the problem. If it is a subtraction story, have them trace Xs on the objects that are subtracted. For addition stories, have children draw more objects. Then have them write the addition or subtraction sentence. 🏰 *Stewart built 5 sandcastles. Waves knocked down 2 of them. How many sandcastles are left?* ⚽ *Shana saw 2 balls at the beach. Later that day, she saw 3 more balls. How many balls did she see in all?* 🧁 *Kate baked 6 muffins. Her brother ate 3 of them. How many muffins are left?*
